GIUSEPPE COPPOLECCHIA

JUNIOR FULL STACK WEB DEVELOPER

Molfetta (BA), Italy | g.coppolecchia2@gmail.com

LinkedIn: linkedin.com/in/giuseppe-coppolecchia-dev | GitHub: github.com/giuseppecoppolecchia2

PROFESSIONAL SUMMARY

Results-driven Junior Full Stack Web Developer with a strong analytical and logical mindset developed through an engineering background. Specialized in frontend development with ReactJS and backend with PHP/Laravel. Passionate about clean architecture, relational databases, and Agile methodologies. Proven ability to collaborate in multidisciplinary teams, solve complex problems in structured systems, and communicate effectively under pressure.

TECHNICAL SKILLS

Frontend: HTML5, CSS3, JavaScript ES6+, ReactJS, Tailwind CSS, Bootstrap, DaisyUI, Vite, React Router, React Context API, React Hook Form

Backend & Cloud: PHP 8+, Laravel, MySQL, Supabase, Row Level Security (RLS)

Tools & Methodologies: Git, GitHub, VS Code, Linux Terminal, AI Tools, MVC Architecture, REST API, CRUD, Agile/Scrum

KEY WEB PROJECTS

Dott.ssa Rosanna Mininni – Psychologist Website & Patient Management Dashboard

Website: psicologamininni.com

- Developed a responsive Single Page Application (SPA) in React (compiled with Vite) and styled with Tailwind CSS, utilizing Framer Motion for smooth section scrolling and micro-animations.
- Built a mobile-first administration panel (`/admin`) secured by passwordless Magic Link authentication (Supabase OTP) to manage patient registries, clinical logs, and appointment requests.
- Designed a relational database on Supabase, enforcing foreign keys and Row Level Security (RLS) policies to protect confidential patient data.
- Written a custom Node.js script utilizing Sharp to batch-convert and optimize high-resolution Wix images to WebP, significantly improving page speed and SEO.

Ohara – Video Game Catalog & Review SPA

GitHub: github.com/giuseppecoppolecchia2/ohara

- Developed a React SPA using client-side routing, RAWG external API integration, and Context API for global state management.
- Designed a relational database on Supabase, enforcing foreign keys, integrated authentication, and Row Level Security (RLS) policies.
- Integrated complex frontend functionalities including avatar uploads, a dynamic favorites list, and responsive forms validated with React Hook Form.

Prestissimo – Vinyl Marketplace Platform

GitHub: github.com/giuseppecoppolecchia2/prestissimo

- Created a full-stack Laravel MVC web application for ad placement, managing dynamic listings, search operations, and image uploads.
- Implemented a secure, multi-role authentication and authorization system to enforce granular user permissions.
- Coordinated source code integration and coordinated features release following a structured Git workflow.

EDUCATION & CERTIFICATIONS

ReactJS Frontend Specialization – Aulab Hackademy, Bari — 2026

Intensive training focused on ReactJS, SPA development, React Router, Context API, Supabase, React Hook Form, and advanced patterns.

Junior Full Stack Web Developer – Aulab Hackademy, Bari — 2025 – 2026

Over 400 hours of hands-on theoretical and practical training in PHP/Laravel, MySQL, JavaScript ES6+, Bootstrap, Tailwind, Git, REST API, and Agile/Scrum.

Studies in Mechanical & Industrial Engineering – Politecnico di Bari / Unicusano — 2018 – 2024

Academic program focused on mathematical analysis, formal logic, physics, and complex system problem-solving.

Flight Information Service Officer (FISO) Certification – Aeroclub Roma Urbe — 2020

Certification in safety procedures, radio communications in high-stress environments, and information flow management.

Technical Diploma in Maritime Systems and Equipment – Technical Institute — 2018

LANGUAGES & PERSONAL SKILLS

LANGUAGES: Italian (Native) | English: B2 (Professional working proficiency in reading technical documentation, writing, and speaking/comprehension)

PERSONAL SKILLS: Complex System Problem Solving | Discipline & Dedication | Teamwork (Agile/Scrum) | Stress Management

I hereby authorize the processing of my personal data in accordance with Legislative Decree 196/2003 and Article 13 of the GDPR.
